### ABOUT ME

Beautiful, fresh designs inspire me,  
and leave me longing for more. I hope  
to pass on that inspiration with my  
work.

I firmly believe that the world would  
be a better place if every person  
learned something new every day. I  
also am convinced that success might  
be helped by talent, but is mainly  
achieved through consistent effort.

When I'm not brushing up on design  
or tech trends, or practicing my skills,  
you might find me exploring a new  
business idea, playing guitar, reading,  
cooking, or spending time with friends.
